Spanish Proficiency

Virginia Tech students applying to the Global Citizen Partners Program are not required to meet a Spanish proficiency level because some classes are taught in English. However, in the event that we need to use a selection process, priority will be given to those students with higher levels of proficiency. Please help us to understand your language proficiency by describing how many years of Spanish you have taken and if you have any experience using Spanish outside of the classroom or with native Spanish speakers.

Program Interest

Please provide us with a short statement for why you are interested in this program and what you hope to derive from it.

Areas of Interest

Tec de Monterrey wants to link its community projects to the interests of the students. Let us know what your interests and experiences are in relation to community work so that we can provide a profile to our Monterrey partners.

Please return this form to the Center for Student Engagement and Community Partnerships. Forms can be sent electronically to utprosim@vt.edu or delivered to 1360 Litton Reaves.
